## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

- Nothing significant to report.

#### Cal OES SOUTHERN REGION

- Nothing significant to report.

# COVID-19 SUMMARY

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/22/22 at 1630 hours:**

- 9,264,968 total confirmed cases.
  - 95.629 Delta
- 91,314 total deaths.
  - 207 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# PUBLIC SAFETY POWER SHUTOFF (PSPS) SUMMARY

## PSPS Status

# MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

## Lifeline Route Closures

Northern California	Central California	Southern California
No Lifeline Route Closures	No Lifeline Route Closures	No Lifeline Route Closures

### Lifeline Routes:

- There are no Lifeline Route Closures.

### Non-Lifeline Routes:

- Butte and Plumas Counties: SR 70 is closed from Jarbo Gap (Butte County) to Greenville Wye (Plumas County) due to a mudslide.
  - On 06/12/22, a total of five areas of debris flows/slides occurred due to severe thunderstorm activity in areas of Dixie Fire burn scars.
  - There is no alternate route available. - The District has not provided an official detour for motorists around the closure.
  - Motorists are advised to use an alternate route. - Motorists should research and find the best means of utilizing other alternate/open routes to reach their desired destinations on either side of the closure.
  - A passible section of roadway has been established within the debris area for use by emergency vehicles.
  - Estimated time for one lane to be reopened to all traffic under 24/7 traffic control with 30-minute delays is 07/01/22.
- Click [here](#) for a list of current road closures.

### Wildfire Closures:

- There are no Wildfire Closures.

### Emergency Operations Center Activations:

- There are no Emergency Operations Centers activated.

<b>River Flooding</b>							
<b>Wind</b>							
<b>Heavy Rain</b> Flash Flooding / Debris Flow							
<b>Snow</b>							
<b>Coastal Flooding</b>							
<b>Risk Levels</b>	Little to None	Minor	Moderate	Major	Extreme		

# Weather Key Points

Regional Operations Center

Western Region

Thursday, June 23

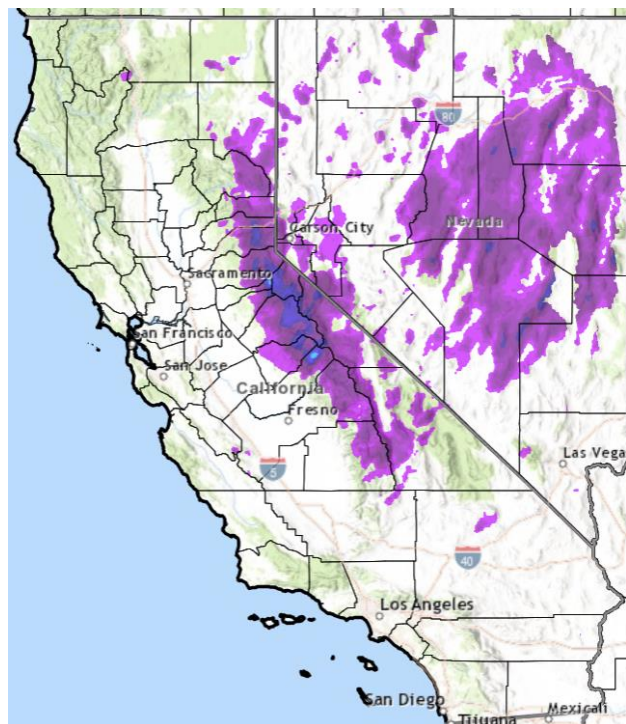

- Hot temperatures will continue for many inland areas through the weekend. Moderate to locally high heat risk impacts are likely.
  - Afternoon temperatures of 97 to 107 degrees are forecast over much of the Central Valley while readings of 100 to 110 degrees develop across the southern deserts (locally approaching 115 degrees for Death Valley)
- Breezy winds will maintain locally elevated fire weather conditions through the weekend for many mountain and foothill locations of Inland and Southern regions
  - At this time, widespread critical fire weather conditions are not expected
- Scattered showers and thunderstorms for inland southern California extending into the Sierra's. Thursday. Thunderstorm chances will then be limited to the Sierra's Friday and Saturday.
  - Widespread heavy rainfall is not expected, but these thunderstorms could produce brief heavy rainfall, as well as strong, gusty winds and the potential for fire starts due to lightning
  - Widespread burn scar impacts are not currently anticipated

# Precipitation Forecast

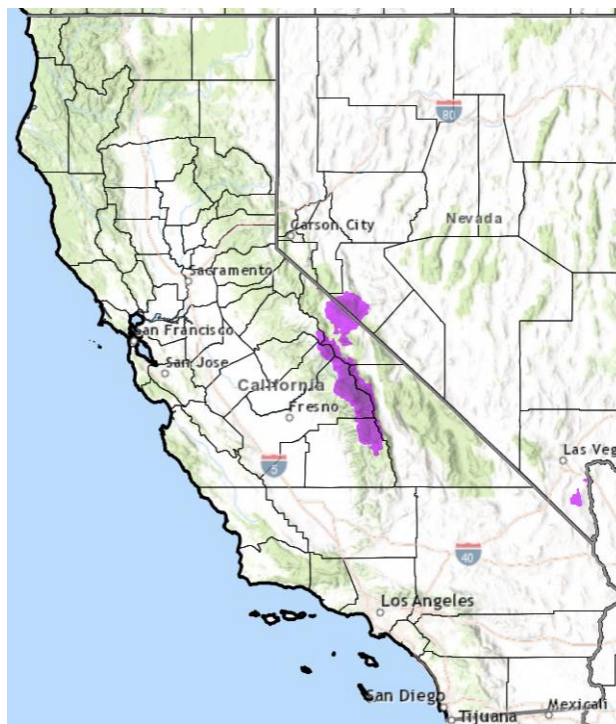

Regional Operations Center

Western Region

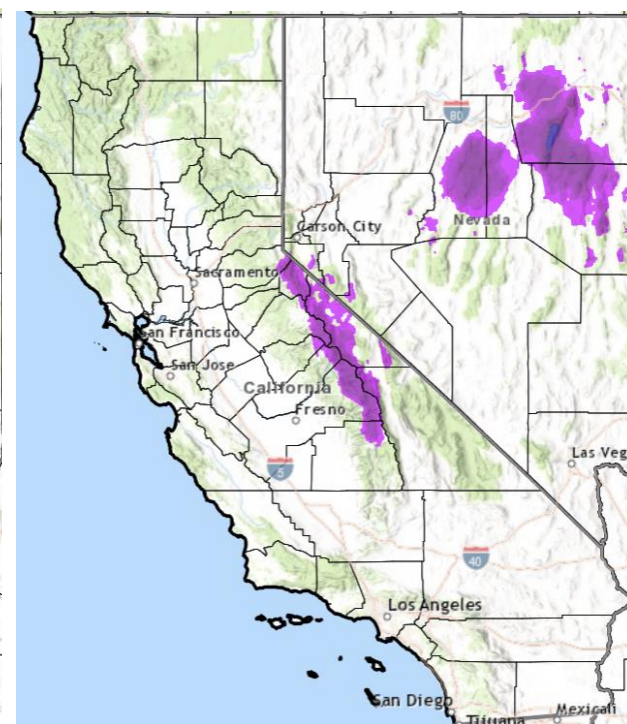

Thursday, June 23

Thursday

Friday

Saturday

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

# Heat Risk

Regional Operations Center

Western Region

Thursday, June 23

Thursday

Friday

Saturday

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Thursday, June 23

## **6-10 Day Outlook (June 28 - July 2)**

### **Temperatures**

- Above normal temperatures are strongly favored across most of the state, with near normal temperatures favored across far northern California

### **Precipitation**

- Near normal precipitation is favored for much of the state, except below normal precipitation favored near the Oregon border, and above normal precipitation favored near the Arizona border

## **8-14 Day Outlook (June 30 – July 6)**

### **Temperatures**

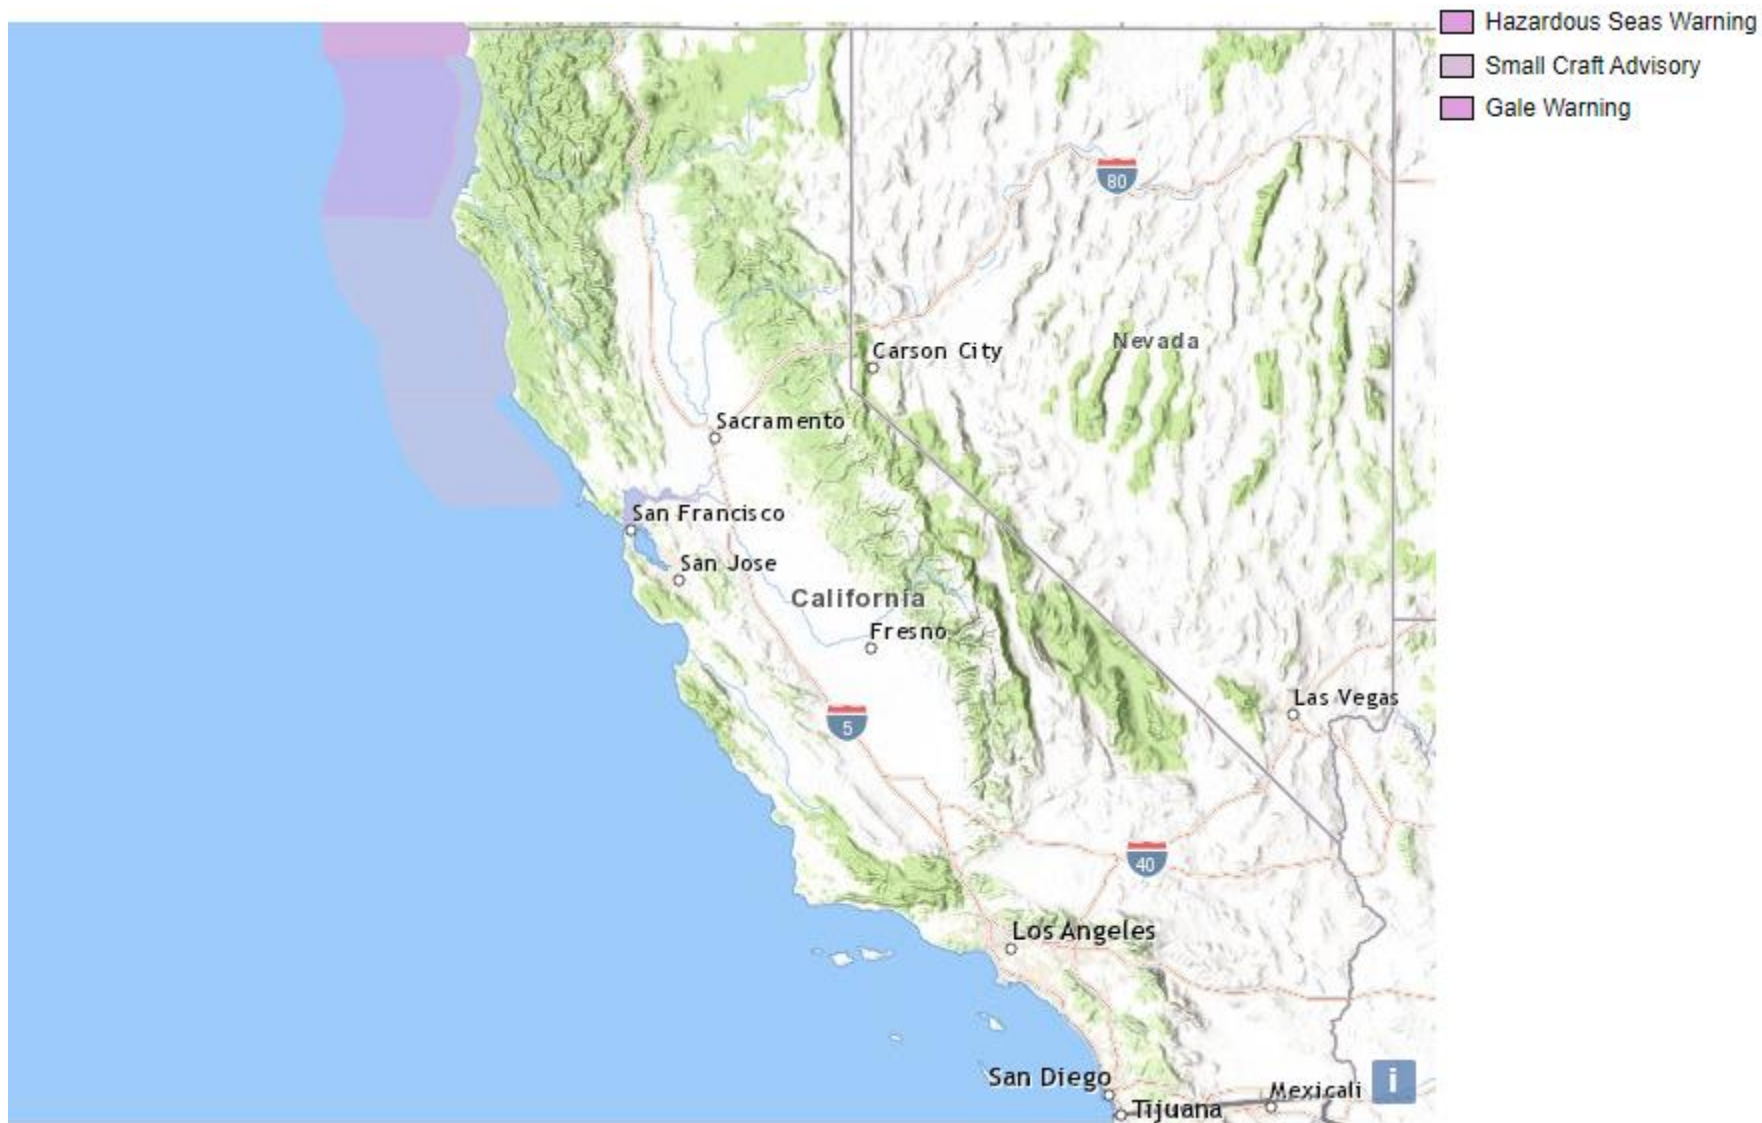

- Below normal temperatures are favored across northern California, with near normal temperatures favored across southern California.

### **Precipitation**

- Near normal precipitation is favored for much of the state, except below normal precipitation favored near the Oregon border, and above normal precipitation favored near the Arizona border

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-79401 06/21/22, At 1918 hours:** IERCC contacted CSWC and advised of an inReach activation at coordinates 38.028280, - 119.349800 which plots to Pacific Crest National Scenic Trail along Return Creek, Tuolumne County, Yosemite National Park. IERCC advised the RO is a 72-year-old male who is experiencing symptoms of altitude sickness (approximate altitude 9,000 feet). The RO has a hiking partner with him. RO is requesting assistance. IERCC contacted Yosemite National Park Police who advised they are in contact with the RO, assessing the situation, and developing a plan to assist him. According to IERCC the plan may include extracting him via horseback in the morning. IERCC and rangers will maintain contact with RO throughout the night to monitor the situation. **UPDATE: About 2324 hours,** IERCC advised rangers had developed a plan to extract RO via horseback on 06/22/22 about 0530 hours to relocate him to a lower elevation. **UPDATE: On 06/22/22, about 0630 hours,** IERCC advised no further update at this time. **UPDATE: On 06/22/22, about 1235 hours,** [Yosemite National Park Police advised the RO had been safely removed from the location and was being medically assessed.](#) **MISSION CLOSED.**
- **2022-LAW-79340 06/20/22, At 2334 hours,** Madera County Sheriff's Office contacted CSWC to request assistance with cell phone forensics to aid with a missing persons case. On 06/14/22 a 58-year-old woman was staying the night at a friend's residence located in a remote area off Stumpfield Mountain Road in Mariposa County. The missing person was staying there because she was short on gas but had planned on heading to the DMV in Mariposa County the following day. The last known contact with her was on 06/15/22 when she texted a relative at 0300 hours. The missing person nor her vehicle have been seen since. The missing person has not cashed her paycheck nor has accessed her phone. Deputies checked cameras on nearby Highway 49 but her vehicle has not been seen. Deputies believe her vehicle may have veered off a cliff along the roadway. Madera County SO has utilized CHP fixed wing aircraft and local UAV technology in their search with negative results. Madera County Sheriff's Office requested CAL OES contact AFRCC to assist with cell phone forensics. LDO contacted AFRCC, provide them the pertinent information, and requested they initiate their cell phone forensics analysis. AFRCC advised it is unlikely they will be able to access data more than 72 hours prior; however, they would contact their cell phone forensics team to assist if possible. LDO re-contacted Madera County Sheriff's Office and advised AFRCC would initiate the process; however, data going back more than 72 hours may require a court order. **UPDATE:** Region II A/C advised San Mateo County Sheriff's Office had volunteered to assist with the cell phone tracking. LDO passed along the information to Madera County Sheriff's Office. About 1150 hours, LDO contacted AFRCC for an update on the mission request; however, AFRCC was unable to provide any update. LDO later learned AFRCC was unable to assist due to gap in time between initial report and current request. **UPDATE: About 1430 hours,** Madera County Sheriff's Office advised they were contacting San Mateo County Sheriff's Office to assist with their cell phone data analysis. **UPDATE: On 06/22/22** [Region II A/C contacted San Mateo and requested update on status of mission.](#) **MISSION ONGOING.**
- **2022-LAW-79226, (Mass Fatality Exercise):** Request caches of APX8000 radios with CRIS programming for 2 mass fatality exercises in late July. COMC coordinating Chico deployment and COMC coordinating San Luis Obispo deployment.
- **2022-LAW-79175 and 2022-LAW-79182, 06/15/22:** Region IV AC created missions to assist California State Fair & Exposition Police with LEMA support (79175)and TCOMM support (79182) for upcoming California State Fair (July 15-30). **MISSION ONGOING.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2022-CalOES-78230 (New Mexico EMAC):** 1 iSat phone for EMAC deployment to New Mexico.
- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 06/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
